

# 3<sup>rd</sup> World Congress on Pharmacology and Clinical Trials

*Encompass key issues in research/clinical studies related to the field of Pharmacology*

August 19 - 20, 2019  
Sunway Putra Hotel  
Kuala Lumpur, Malaysia

# *Tentative Program*

## *Day 1, August 19, 2019*

**08:30 - 09:00**

**Registrations & Opening Ceremony**

**09:00 - 09:45**

**Keynote Presentations**

**09:45 - 10:20**

**Advances in pharmacology, Adverse Drug Reaction and Treatment**

**10:20 - 11:00**

**Clinical pharmacology**

**11:00 - 11:15**

**Toxicology**

**Coffee Break 11:15 - 12:00**

**12:00 - 12:45**

**Drug Design and Discovery, Drug delivery and Formulation**

**Lunch Break 12:45 - 13:30**

**13:30 - 14:15**

**Reproductive pharmacology, Bioequivalence and Bioavailability**

**14:15 - 15:00**

**Radiopharmaceuticals**

**15:00 - 15:45**

**Behavioral Pharmacology, Environmental Pharmacology**

**Coffee Break 15:45 - 16:00**

**16:00 - 17:00**

**Poster Sessions**

## *Day 2, August 20, 2019*

**09:00 - 09:45**

**Keynote Presentations**

**09:45 - 10:20**

**Pharmacogenomics, Pharmaceuticals and Personal Care Products**

**10:20 - 11:00**

**Pharmacology and Posology**

**11:00 - 11:15**

**Pediatrics Pharmacology**

**Coffee Break 11:15 - 12:00**

**12:00 - 12:45**

**Pharmacokinetics, Pharmacovigilance and Drug Safety**

**Lunch Break 12:45 - 13:30**

**13:30 - 14:15**

**Neuropharmacology, Psychopharmacology**

14:15 - 15:00 Pharmacoepidemiology

15:00 - 15:45 Theoretical pharmacology

Coffee Break 15:45 - 16:00

16:00 - 17:00

Poster Sessions

## Talk Titles

**Title:** Application of Advances in Pharmacology to Pain Pharmacotherapy with Opioids

**Anna Ratka**

St. John Fisher College, Rochester, USA

**Title:** Targeted Therapy of Anti-TLR4 Antibody Drug-Conjugated NIR Fluorophores on Hepatocellular Carcinoma

**Yuanyuan Ji**

The Second Affiliated Hospital, Xi'an Jiaotong University, China

**Title:** Regulatory Affairs

**Syed Abid Hassan**

Jamjoom Pharmaceuticals Company, Saudi Arabia

**Title:** Orchestrated classical and modern Psychometric approaches for validation of Healthcare Professionals' outcome measurements: knowledge, attitudes and practices on uncomplicated Malaria management

**Nahlah Elkudssiah Ismail**

MAHSA University, Malaysia

**Title:** Evaluating the Appropriate Use of Piperacillin/Tazocin (Pip/Taz ) in Cardiac Center of King Fahad Medical Center

**Mekdad Sanaa Saeed**

King Fhad Medical City ,Saudi Arabia

**Title:** Effects of Salvianolic acid A, an active component from Salvia, on cardiovascular diseases model animals

**Guanhua Du**

Peking Union Medical College, China

**Title:** Pharmacological action and mechanism of Liuwei Dihuang decoction, a traditional Chinese medicine, and its new formula LW-AFC on Alzheimer's disease

**Wenxia Zhou**

Beijing Institute of Pharmacology and Toxicology, China

**Title:** Study on the estrogen like effect of traditional Chinese medicine compound

**Guanwei Fan**

Tianjin University of Traditional Chinese Medicine, China

**Title:** Pharmacovigilance Requirements for Prescription Medicines in ASEAN

**Joelle Chia**

Pharma to Market, Singapore

**Title:** New Chemical Entity (NCE) and/or New Molecular Entity (NME) compliance requirement

**Syed Abid Hassan**

Jamjoom Pharmaceuticals Company, Saudi Arabia

**Title:** Evaluation of Antioxidant and Acetyl Cholinesterase inhibitory activity of Peltophorum pterocarpum in scopolamine treated Rats

**Sridhara Murthy N.B**

Oxbridge College of Pharmacy, India

**Title:** Protective Effect of Andrographolide in 3-Nitropropionic Acid Induced Huntington Disease and Associated Neurodegenerative Changes in Rats

**Nitish Bhatia**

Khalsa College of Pharmacy, India

**Title:** New Cox Inhibitors

**Zuhair Muhi-eldeen**

Petra University, Jordan

**Title:** Attenuation of Fibrosis by Cilostazol in Thioacetamide-Induced Liver Fibrosis in Rats: Modulation of Fibrogenic Factors, Cytokines and Oxidative Stress

**Sally Abdul Wanees El Awdan**

National Research Centre, Egypt

**Title:** Molecular Docking and Selective Binding Affinity of Gedunin and its Mono-substituted Derivatives as Potential Anticancer and Antitubercular Agents Targeting the Human and Mycobacterium tuberculosis NAD<sup>+</sup> Kinase

**Olanrewaju Ayodeji Durojaye**

University of Nigeria, Nsukka, Nigeria

**Title:** Experimental evaluation of the effect of Pycnogenol and its fractions on Endothelial Dysfunction in diabetic rats

**Naguibou M. Djibril**

University of Abomey-Calavi, Benin

**Title:** Pharmacokinetic and therapeutic interactions of paeoniflorin-6'-O-benzene sulfonate and methotrexate in adjuvant-induced arthritis rats

**James Asenso**

Anhui Medical University, China

**Title:** A novel clinical evidence of sympathovagal imbalance with cardiovascular risk in patients with and without polycystic ovarian syndrome

**Surrampalli Gurunath**

Vaagdevi Institute of Pharmaceutical Sciences, India

**Title:** Encompass key issues in research/clinical studies related to the field of Pharmacology

**Ezeani Nkiru Nwamaka**

Ebonyi State University, Nigeria

**Title:** The Anomaly of Malondialdehyde (mda) level on tobacco and vape smokers: viewed from smoking intensity

**Dewi Karita**

Universitas Muhammadiyah Purwokerto, Indonesia

**Title:** Application of the standardized form magnetite nanoparticles (ICNB) in create simple and practical method of additive modernization of preservation solutions for red blood cells

**Andrey Belousov**

Laboratory of Applied Nanotechnology of Belousov, Ukraine
